PROLOGUE

Conceivably time is the most difficult thing we try to control and deal with during our stay at the University of New Haven. In our attempt to learn, we often neglect to take time to observe our surroundings as they change and grow. We fail to appreciate the rewards of our jobs and various fields of study, because it is easy to lose oneself in them.

For this reason, time has been frozen between the covers of this book. Captured in the pictures and words within, it merely needs your imagination and memories to come alive. Enjoy . . . now and forever, for time remains in your hands.

above: New freshman gather for orientation.

top right: Hi ho, hi ho, hi ho, it's off to class we go.

right: Hey dude! Just hanging out.

Instant directions

below: A friendly sight at UNH.

UNH . . .

A UNIQUE EXPERIENCE

The University of New Haven was founded in 1920. There are twenty buildings spread out throughout the seventy acres of land. Starting strictly as an evening college focusing in business and engineering, UNH has grown and prospered throughout the years. The college moved from their New Haven location to the hilltop in West Haven in 1960. The name of New Haven College was officially changed to the University of New Haven in 1970.

The buildings on campus are almost all relatively new with the exceptions of Maxcy Hall and the Gate House. Those two buildings date back to the early 1900's. For many years, they were the county's orphanage.

In the University's academic buildings, student center, and residence halls is where we grew. We grew together academically and socially. It was then that we realized that on the other side of each door there was something new to learn.

Though the sights of these buildings will soon be only a memory, what we have learned in them will always be remembered.

memory, what we have learned in them will always be remembered.

GOOD TIMES

HAVEN

2

FACES

FRIENDS

The dictionary defines "friends" as a person or persons whom one knows, likes, and trusts. At UNH we have met the types of friends that will last a lifetime.

As friends, we enjoyed day to day life at UNH, partied together and learned to live with one another. Together we learned, grew up, and supported one another. The different faces throughout these pages can only symbolize a portion of the many people who have passed through UNH. The bonds we have made here won't end once the books are closed or after the last exam has been taken or at the end of the graduation ceremony, they will always be there and it's up to ourselves to keep them strong.

above: 1,2,3,... smile!

above right: Guys night out.

right: We're cool!

left: My buddy

below: Hey, what about me?

Remember your first day at UNH? Remember all the all-nighters pulled studying for exams? Remember all the Homecomings and May Days? Remember all the Tavern and Social Events? Remember all the athletic games? Remember all those endless nights of partying? Remember all those endless nights of typing? Remember finding out that liquor stores in Connecticut close at 8p.m.? Remember the late night walks to 7-11? Remember the road trips? Remember the class you hated the most? Remember moving in and out every semester? Remember the water fights? Remember when you could use the balconies? Just be sure to remember it all!

above right: You went wild at parties!

above: You squeezed into the stands to see the game.

above: You spent hours typing that paper!

REMEMBER WHEN

left: Tailgating before the football games.

left: The cafeteria lady made you clean your tray.

PLACES

From classrooms to dorm rooms, the cafeteria to the tavern, the library to the athletic fields, these are the places that became home. This is where we learned, and lived. Each place on campus is different and the memories we will have of each of them are unique. Long after we have left UNH, the memories will still be strong. We succeeded at each of these places, and now we can prove it.

STUDENT LIFE

THE OTHER SIDE OF STUDYING

ORIENTATION!

A few days before the start of classes, the new students to UNH arrived for orientation. It was known as Fall Horizons 88. Dean Martin, returning student volunteers, and the Day Student Government worked together to have three fully planned days.

Orientation is a time for students to familiarize themselves with the campus and their new surroundings. Orientation gives new students the chance to get used to the UNH atmosphere before classes begin.

Fall Horizons 88 was a big success and by the time the returning students moved back to school, many lasting frienships had been made.

FALL HORIZONS '88

above left: Even the Dean went nuts!

above: Everybody form a single line!

left: Gosh this new schedule is confusing!

SECRETARY'S STRIKE

Upon coming back to school this fall students were greeted with UNH's first clerical strike. The strike lasted throughout the first week of school. Members of District 925 of the Service Employees International Union, walked out on September 8, in a contract dispute over wages and benefits. District 925 represents 105 UNH clerical and technical workers, more than 95 percent of whom are women. The srike ended in a unanimous vote and all were glad to have our workers return.

THEY MARCHED AND THEY MARCHED . .

PEP-RALLY

Homecoming of the blue and gold was held this year on Saturday on November 15th. During the week of the 10th, nominations and elections for the Homecoming King and Queen were held. The winners were announced Friday Night at the Pep Rally. Congratulations to the King and Queen, Bobby Long and Tamara Lang.

On Saturday, the judging was held for the float and banner contest. Delta Sigma Alpha pulled off first place for their float while Chi Kappa Rho and the Day Student Government won second and third place respectively.

The winner of the best banner was the Marketing and Management Club. The homecoming parade which consisted of the UNH Cheerleaders, the King and Queen, their court and all of the floats and banners made their way across main campus to the North Campus gymnasium for the start of the football game.

The result of the game left the UNH community with something less than what they had expected. After a stupendous win over the University of Central Florida, our Chargers were upset by a stunning defeat of 51-21 by the AIC Yellowjackets. The end of the game wasn't the end of homecoming. Even after the last seconds had ended, tailgaters, alumni and old friends could still be seen in the parking lots, renewing old friendships, and wandering around campus. The alumni had come home!

ACADEMICS

So when we get passed all the nittty-gritty, the real reason we are all here is for an education. The Academia at UNH brought us all together and is going to prepare us for the working world. We've crammed for exams together, and spent countless hours studying and talking with our professors. UNH's small size let us get to know our professors, both professionally and personally. The professors are here for us, to help us learn in all aspects of an education and most importantly, in our respec tive field of major. When you look back at this yearbook in the years to come, many memories will come back, but the academics you have learned here will be with you everyday.

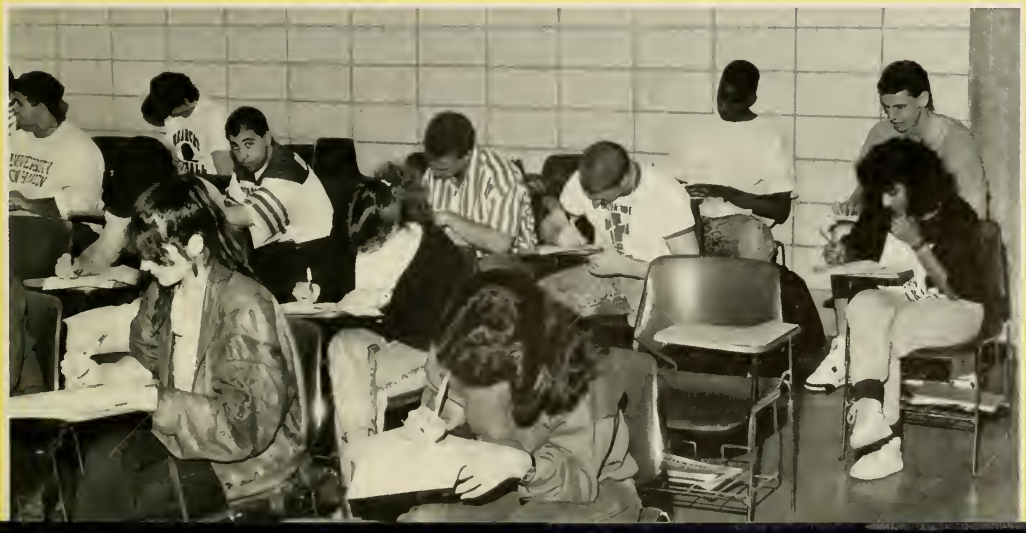
MIDDLE Its such a nice day pleeease let us go early.
RIGHT Are you just going to stand there and take a picture or are you going to help me with this test.



THE BLOOD DRIVE

Zeta Beta Tau Fraternity has sponsored the bi-annual Red Cross Bloodmobile for more than 10 years. The blooddrive is one way to get the university community involved in the national community. Its also helps create a type of family bond between all students to achieve a common goal. The typical routine starts with eating a good meal. Then comes the paperwork and the thousand questions game. Over to the blood pressure station is what's next, where they take your blood, pressure and "prick" your ear for a blood specimen (that was the easy part). And then ... to the blood station. The hardest part is sitting for five minutes watching everyone else's blood, but the actual proccess is painless. The goal for each semester is 120 pints. So far Zeta Beta Tau has collected over 2000 pints of blood for The Red Cross. Way to go guy's !!!

CAREER

Career Day for the 1988-1989 school year was held in the Student Center Lounge. This bi-annual event featured more than 60 companies from all over the country in such fields as Accounting, Human Resourses, and Security Management. Career Day provides college students with information in their prospective fields of employment. Aproximately 200 students attend each of the Career Day activities. Most students felt that it was an excellent experience, and looked forward for future Career Days.

DAY

TOP CENTER Pam Francis and the Career Development "gang" gear up for the days events.
ABOVE Students gather all types of information on prospective career's at these events.
RIGHT Representatives from major hotels set their sights for UNH's Seniors.

LIBRARY

The University Library is one of the main academic spots on campus. Students and faculty can be found here at all times of the day. And during exams, at all times of the night. Not only is the library one of the best places for studying, researching and reading, but it's not too bad for social purposes as well!!

Whether it's books, notebooks, pens or cards, the bookstore is the best place to go! And when you want to show your school pride, you can find anything from clothing to glasses all engraved with the school emblem.

BOOKSTORE

STILL LIFE

SPRING ELECTIONS

This years elections were very different from other years. In the race for senators, not enough people ran so each Candidate was guaranteed a spot. The same held true for the race of Board of Governors. For the fall of 1989 the Senate will not be filled, and an extra Board of Governor will be needed. An emergency election for the fall 1989 is probable since the new Administration will want to fill all of the seats. The race for Treasurer was the closest one of all. Lou Petrucci won, defeating Rich Bradley by a mere 11 votes, an election like this for Treasurer hasn't been this close in years. In the Presidential Race everyone was sure it would be close. Well it was close but that was for second place. Mike Fitzgerald won by a landslide, with 281 votes total. Good luck to next years Administration.

I.S.A. BANQUET

The UNH International Student Association held its 9th annual International Banquet on April, 14 this year. The Banquet, Spotlight on The World, displayed traditional dress, exotic foods, and cultural uniqueness from various countries. The banquet "spotlighted" on each country and expressed how each adds to the diverse population at UNH. Every student brings a new perspective, but as different as their backgrounds may be they are people with common purposes- to learn, to grow and share an experience they will carry with them forever.

MAY DAY

For the second straight year in a row it rained on MAY DAY. Although the rain hindered the sunshine it didn't stop any of the excitement of the day. This years MAY DAY featured two bands that promised another strong festival. Liquid Hips started off the day, followed by the headliner Tommy Conwell and the Young Rumblers.

MAY DAY was held in the Arbeiter Mannor Choir parking lot which provided ample room for everyone to move around in. Beer was served under the pavilion and it was a packed house all day long. The Clubs and Organizations all got together to sell food and drinks. There was everything from Delta dogs to Zeta burgers, and even tropical drinks. The day was a big success and everyone enjoyed it.

The Student Chapter of the American Institute of Chemical Engineers was formed to develop the technical skills of future engineers by introducing them to industrial processes in the area. Plant visits, outside speakers and career development are subject of interest to all students and these are just some of the activities of the Chemical Engineering Club.

THE BLACK STUDENT UNION

The Black Student Union is an organization of unity. It unites Afro American students. Every year the BSU is host to a diverse gomette of activities: Black history month of which guest speakers lecture about black history: A soul food dinner of sorts: A Carribean Expo of the multi-ethnic students of representation at the University. The BSU does not only welcome people of Afro American Culture into its organization, but also people of other cultures as well. We are an organization of "equal acceptance".

CHARGER BULLETIN

The Charger Bulletin is a student run newspaper here at the University of New Haven. It provides students and faculty with information about what is happening here on campus. When reading The Charger Bulletin you can find out what is happening around campus in regards to mixers, movies, lectures and even club meetings.

This years Charger Bulletin experienced a change in Editors mid-way through the school year, although their was a switch both Editors did a great job. The paper provided us with a couple weekly column's. Who could ever forget Andy Bucci's column, "TAKING AIM" the title fit it perfectly because he sure did take aim, and even FIRED!! Overall the paper was a great resource for the students. John and Mina (the Editors) did an excellent job, one that most people took for granted. It was a lot of hard work and both of them excelled at it. The entire staff is to be commended they did an excellent job.

The Day Student Government (DSG) is the organization responsible for serving the undergraduate student body of UNH. The DSG is an integral organization with varied functions and activities. The president, treasurer, 34 senators and three Board of Governors representatives are elected by the undergraduate student body in a general election. The vice-president and executive assistant are appointed by the president. The day student government provides undergraduate students with a number of social events including concerts, mixers, comedians, fims, lectures, cultural events, and other activities open to the entire student body. The DSG also boasts a large number of clubs and organizations of a social, cultural, or academic nature. The media under the DSG provide unique experiences as well. They include the radio station, yearbook, and newspaper. Standing Committees under the DSG provide opportunities for involvement as well. A few committees include Social, Adademic Standards, Film and Inter Fraternity-Sorority Council.

Established in 1973, WNHU 88.7 FM, which in 1989, proved itself to be a major force in college radio. WNHU broadcasts 1700 watts across 5 counties in Connecticut, and 2 on Long Island. WNHU gives its many listeners the widest possible variety in programming from new music and soul, to folk and reggae, as well as regional sports. It is perhaps this diverse program schedule that is backed by students, faculty and community volunteers that is responsible for WNHU's recent award as the best non-commercial radio station in the area.

THE CHARIOT YEARBOOK

The Chariot Yearbook is the organization that throughout the year works at taking the entire year, capturing it and putting it into a book. Our staff members have changed many times throughout the year but our goals have remained the same. The staff this year has met every deadline, on-time or ahead of time.

Overall our staff has been one of the best staff's to ever step foot in this office. Jen Casper the assistant editor, has given much dedication to this book, and has written most of the copy. Karin Sundberg the layout editor, stayed on the staff ever since September, and was able to do layouts at a moments notice. Deb Mitchko the fall photo editor, started us out with some great photos, and helped organize the staff. Dawn Brunelli took over the photo editors job for quite a while second semmester, and did a great job. Bob Wietecha, Mike Horton and Chuck Ballaro handled the sports. Without these three our sports section wouldn't look so good. These guy's did all the writing and covered all the events and did most of the layout. Like I said without them we probably wouldn't have a sports section. Jen Gross who just came on the staff did a great job with layout and design she really helped this book move along. Dave Bosse was a driving force in this years yearbook. Dave took photos did layout and helped out where ever he was needed. Steve Spiro (who probably only helped out to get his name in the book) did some great typing. Tina Ashton who did the great drawings for our divider pages really came through for us. The yearbook did a lot of hard work this year and we hope this book will be enjoyed by all.

EDITORS NOTE: A wise man once said, a roofers roof always leaks, a painters house is always peeling. Well the Yearbooks layout has no pictures. We never stopped to take photos of ourselves. We were always concerned with covering all of the campuses events that we forgot ourselves. I must say that the Yearbook shot over 300 rolls of film, and only one of those rolls got exposed. That role had our group photo on it. I guess its better that it happened to us instead of one of the other groups here on campus. We may not have the photos of ourselves, but we all have the memories of the time we shared together and we have the pages that are bound together between covers of this book.

XKP

Chi Kappa Rho Sorority was founded in 1963, by Virginia M. Parker. XKP provides services for the community, such as food drives, Easter egg hunts and clothing drives. The biggest XKP event of the year is the annual fall fashion show, which was started in 1965. XKP also gives an annual scholarship, in the name of their founder, to a woman at the University. Chi Kappa Rho belives in promoting a better understanding and closer friendships among women of the University.

DELTA CHI

DELTA CHI, originally founded as a law fraternity in 1890, holds foremost; the promotion of freindship, the developement of character, the acquisition of a sound education, and the advancement of justice. Delta Chi is a non-hazing fraternity, having abolished the practice in 1929. Delta Chi offers a relaxed approach to fraternal and college life, while maintaining prestigious and idealistic goals. With over 100 chapters and colonies stretching across the U.S. and Canada, Delta Chi brothers know what it means to belong to "The Brotherhood of a Lifetime."

DELTA SIGMA ALPHA

DELTA SIGMA ALPHA is a local fraternity on the UNH campus. The group now called as Delta Sigma Alpha has been on campus since September 11, 1986. Justice, wisdom, and brotherhood are the guiding principles of Delta Sigma Alpha. It strives for the promotion of freindship, the developement of character , the diffusion of liberal culture and the advancement of justice. While Delta Sigma Alpha is a social fraternity, it nevertheless has established very high academic standards. Delta Sigma Alpha is unique because it is the only non-secret fraternity on campus. Community service activities and promoting student life on campus are part of its goals.

OMEGA DELTA

OMEGA DELTA is a local sorority which was founded in 1979 to promote a close bond of freindship among its sisters. It was derived from the Order of Diana which was a society of little sisters to a national fraternity, Tau Kappa Epsilon. The sorority encourages personal growth, mutual understanding, outside interests, social awareness, loyalty, and academic acheivement. Throughout the years, Omega Delta has had many sisters who have held leadership positions in the Day Student Government and throughout the University.

ZETA BETA TAU

ZETA BETA TAU Fraternity, gamma beta chapter, is an international social and service fraternity, and is one of the most active organizations on the UNH campus. Zeta Beta Tau encourages a close family-type relationship among its members. Intellectual awareness, social responsibility, integrity and brotherly love are the ideals each of the members live by. All members enjoy the use of the ZBT Fraternity house, which is less than one-half mile from the campus. ZBT is also enriched by its extensive alumni network which adds another dimension to membership. Zeta Beta Tau has a tradition of over twenty years as a powerhouse of excellence at the University of New Haven and is committed to continuing this rich tradition.

IFSC

THE INTER FRATERNITY-SORRITY COUNCIL

The IFSC is the governing body of the social fraternities and sorrities and their activities at The University of New Haven. In addition to setting the rules of rushing, the IFSC promotes friendship among fraternities and sorrities. The council also serves as a hearing body to resolve problems involving Greek organizations.

The Inter Fraternity-Sorority Council sponsors many social events during Greek Week and runs the annual Greek All-Stars athletic events, the IFSC sponsors many service events such as a raffle for MDA, a paper drive for MS and Christmas caroling at a local home for the elderly.

Any Greek letter-named social organization wishing to hold any type of activity at the University of New Haven must be recognized by the IFSC. Overall the IFSC is great organization and they keep the Greeks running strong on this campus.

FOOTBALL

Football Enjoys Another Great Season

First Year Couch Helps Chargers Continue Winning Ways

The 1988 Chargers went into the season with a new look and a new coach. Mark Wipple intended a predominently pass oriented team. However he changed that slightly by balancing the pass with a strong running game. Combined with a strong defense, the Chargers enjoyed a 7-3 season.

The Chargers proved that Mike Horton did not run the entire show. They devolped a strong running attack with halfback Weaver Williams leading the way. Also making great contributions were Keith McCoy and freshman Ken Colby. With their help, the Chargers offense gained another dimension.

Of course Horton was his usual self. He had help from several fine receivers. Leading the way was Bob Wietecha and his consistant play. Horton also found some new receivers who made an immediate impact. Dan Schwab and Pierre Fils are good clutch receivers who make their presence felt not only on offence, but on special teams. Both scored touchdowns from that area last year. Jeff Emery became a fine tight end and this once eschened position suddenly became an integral part of the Charger attack.

The strongest part of the offence was however, the offensive line. Were it not for them, Mike would have been throwing passes on his back. Leading the line were seniors Issac Kelly and All-American Rob Thompson. Also their was David Loone, Harry Boatswain and Ken Wade. You would be hard pressed to count on one-hand the times Mike Horton was sacked.

Defensively, the chargers started out the year with suspect. They had lost their entire linebacking corps and would play a very young defense. By the end of the year, they grew into a cohesive unit.

On the line to snuff out the run were Bill Daley, Kurt Carney, and Keith Dudzinski who later moved to linebacker. These men also put pressure on the quarterback.

These Linebackers grew up quickly as the season progessed. By the end of the year, they had grasped the concept of defense. They were led by Tyrone Barnett, one of this years most plesant surprizes. Also on hand was Keith Stamp, Darryl Mack, and Spiro Lambens.

The defensive backfield was the strongest its been in several years. Captains Walt Oko and Mike Dobos experience made it possible for the Chargers to have one of the best secondaries in the east. Other contributors were Marvin Tomlin, Jason Pringle, Tim Jackson, and Richie Scott.

The 1988 Chargers were a team that experienced many great performances. Such as the 31-23 victory over Central Florida, perhaps the biggest victory in the history of this school. A great individual performance by Richie Scott in which he picked off two passes on opening day and returned them for touchdowns the differance in a close victory. Pierre Fils 97 yard kick-off return vs. Springfield after breaking 7 or 8 tackles. And a great defensive performance against Bloomsburg, not allowing a touchdown and forcing 5 turnovers.

1988 proved to be another fine season for the Chargers. The future are expected to be just as great with talent coming in such as Jay McLucas, Vavahn Chestnut, and Brian Houston. With talent like this, its no wonder Charger fans are looking forward to the future.

VOLLEYBALL

Volleyball Has Best Season In School's History!

During pre-season camp in August, Head Volleyball Coach Debbie Chin had two goals in mind. To improve on last years 25-16 record and to receive a bid for the NCAA Playoff Tournament.

The University of New Haven Volleyball Team accomplished these two goals and many others as they posted their finest season in the schools history.

The 1988 season was full of many highlights. The Chargers had a 44-5 regular season record, including a twenty six match winning streak. The Volleyball team set school records for most wins in a season and for most consecutive wins. The Chargers also finished the season with a perfect 7-0 record against Division 1 schools. This 7-0 record included capturing the schools first Delaware Tourney title, where the blue and gold swept five Division 1 opponents.

Leading the way for the Chargers were four All-Northeast Regional team members: Shirley Bacon, Ann Marie Bahantka, Luana Perry, and Lisa Reza.

Bacon also a 1988 All-American, led the team with a .401 attack percentage, 641 kills, and 148 total blocks. Bahantka, a setter in the Charger offense, had an outstanding season registering 646 assists, .285 attack percentage, 251 kills, and 195 digs. Perry, was the teams third most succesful hitter, recording a .284 attack percentage along with 305 kills. Reza the only returning player of this group, collected 138 service aces, 265 digs, and 961 assists.

These post season honors were due to the fact that the Chargers made their fifth appearence in six seasons to the NCAA Tournament. The Blue and Gold, under the guidance of Coach Chin advanced to the NCAA Quarterfinals before bowing out to eventual National Champion Portland State.

Thank You Volleyball Team for a fun and exciting year!

MENS BASKETBALL

Chargers Basketball Surprises Many

Watt, Centore lead young squad

The Chargers Basketball team went into 1888-89 with much uncertainty. They lost four starters to graduation and a majority of their team consisted of sophomores. The Chargers responded with a 19-12 mark and came within an eyelash of an NECC title and an NCAA tournament berth. A credit to Coach Stu Grove.

Heading this young crew was senior Hency Watt. He started slowly due to injury and due to having to adjust to a new position. But as the season wore on, he really turned it on; becoming the team's leading scorer and assist man.

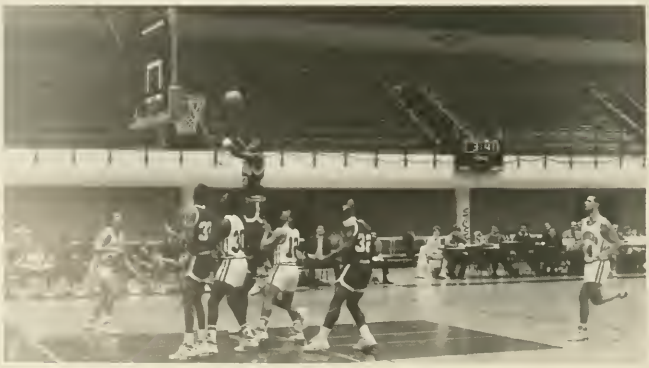
Dave Centore was the big man, leading the team in rebounds, and averaging 11 points per game. By the end of the year, sophomore Mike Rakowski asserted himself so much that they couldn't keep him out of the lineup. Both men's agressive play gave the Chargers more bulk and increased the production of the guards due to more rebounding.

Brian Smith and Gary Battle were deadly accurate from the field, both scoring over 18 points per game and shooting over 50% from the field. Watt, Battle, and Smith could take complete control of the game when hot and gave the Chargers an added lift when the game was tight. Both Smith and Battle are sophomores and will excite Charger fans for two more years.

Other contributers to the Chargers were sophomores Rob Sheard, Erik Torkelson, Marvin Fields, and Jeff Daiker, Freshman Kelvin Pittman and Joel Miller. Miller was exceptional as a rebounder and Pittman can shoot from outside.

Great moments for the Chargers includ Mike Rakowski's buzzer beater against AIC in his 1st game back after an ankle injury, Gary Battle's 33 point 2nd half to beat Bridgeport, and two big wins against Franklin Pierce. First it was Brian Smith's bucket in the closing seconds to give the Chargers a come-from-behind victory, then Kelvin Pittman, one month later, hitting a 3-pointer with 12 seconds left to bring the Chargers back from a 14-point deficit in the closing minuts. The Chargers had the knack of coming back from an impossible situation. This knack made the difference between a mediocre team and a good team.

In the NECC tourny, they weren't given a chance, but were able to come up with two big road wins against New Hampshire College and Sacred Heart. Their dream of another NCAA berth ended with a tough loss in Bridgeport, but that shouldn't dampen the spirits of Stu Grove's men. They proved that they will be a dangerous force for years to come.



Gary Battle, Hency Watt, Brian Smith, Dave Centore, Mike Rakowski, Joel Miller, Kelvin Pittman, Erik Torkelson, Jeff Daiker, Robert Sheard, Mike Haase, Jeff Pupo, Marvin Fields, Darrel Fraiser.

WOMEN'S BASKETBALL

Lady Chargers Cap Off Another Fantastic Season...

The 1988-89 season for the Women's Basketball team was a very exciting one-one filled with great memories and accomplishments. Who could ever forget the individual heroics, like Joy Jeter's 2,000 career point, or Charlene Taylors's magnificent ball handling skills and scoring touch that put her second on the all-time scoring charts at UNH, or Kim Sperry's remarkable first year, landing the NECC Rookie of the Year Award. How about the great team accomplishments like the victory in the Florida Tournament over defending Division II National Champions Hampton College, or the fourth consecutive trip to the NCAA playoffs, and the many, many more accomplishments that happened in 88-89.

The saddest memory of the season is the loss of four great senior players. These players, Joy Jeter, Charlene Taylor, Patty Hallahan, and Lisa Cavaliere combined for over a hundred wins in four seasons (a remarkable average of 25 wins per year).

Jeter, the heart and soul of the Chargers, is a three time All-American, twice voted the NECC player of the year, and was on the ALL-NECC first team for four straight years. Jeter also finished her career as New Haven's All-Time leading scorer and rebounder with 2,299 career points and 1,586 career rebounds.

Taylor finished with 1,851 career points (second only to Jeter on the All-Time list), finished surprisingly ninth on the All-Time rebounding list despite her 5'2 frame, was on the All-ECAC Division II North team year, and was a three time All-NECC first team player.

Hallahan saved her best year for last as she averaged 8.8 points per game. Hallahan also was second to Jeter in rebounding averaging 6.2 rebounds per game. Hallahan also finished eleventh on the All-Time rebound list.

Cavaliere a part-time player for several years put it all together in her Senior year. Cavaliere was the valuable sixth person the Lady Chargers used off the bench and for occasional starts. Cavaliere averaged 5.1 points per game and 2.6 rebounds per game.

Although these four valuable players are leaving the Lady Chargers, the women's teamn also have a lot to look forward to for next year. Coming back are super twins Sonya and Tonya Walker. Sonya Walker averaged 9.4 points per game and Tonya Walker averaged 7.3 points per game, also coming back is super freshman, Kim Sperry. Sperry averaged 9 points and 2.9 rebounds per game. The Lady Chargers also have talented players like Naomi Hollins, Tonya Jones, and Michelle LaFlamme coming back for the 89-90 season.

Finally, there is Coach Russ Hill. Hill was the motivator and the force that brought all of this talent together. In two seasons Hill has coached the Lady Chargers to a 54-9 record and two NECC title crowns.

Thanks Lady Chargers for a Remarkable and Exciting year.

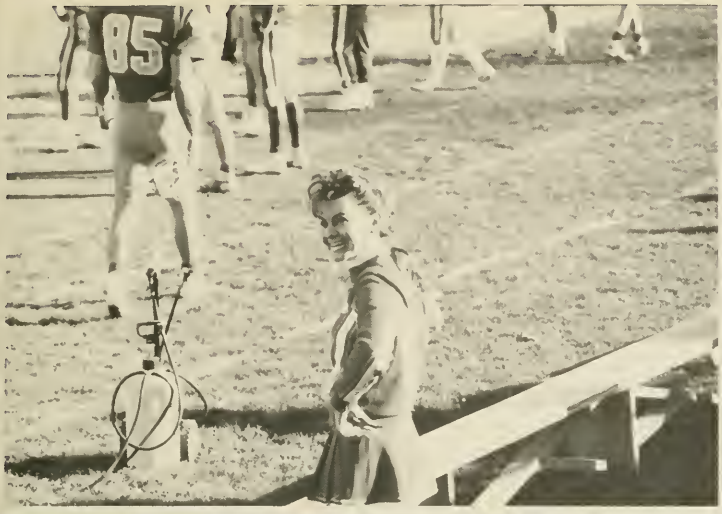
CHEERLEADERS



YELL

BASEBALL

Baseball Does It Again!!!

"Dibo" Once Again Dominates League.

By now, post-season play for the Chargers Baseball Team has become routine. With the fine talent and aggressive play Coach Frank Vieira has instilled in his club, the Chargers have become one of college baseballs most successful teams. The 1989 season was no exception.

Despite the fact that a large part of the early season was wiped out due to rain, and the hitting took a little while to get going, the Chargers enjoyed another great regular season at 28-3

Leading the way was Senior pitcher Steve DiBartolomeo. If you thought Dibo was great last year, this year he was simply unstoppable. He Ended the regular season at 14-0 with four shutouts and five saves with an ERA of 1.25. He finished his UNH career leading in career wins.

Second was Nick Sprovero who finished 6-0 and an ERA below 2.00. Jeff Marchitto also made fine contributions as a starter. Also making contributions to the pitching staff were Steve Marchitto, Bo Birkhead and Jeff Stober.

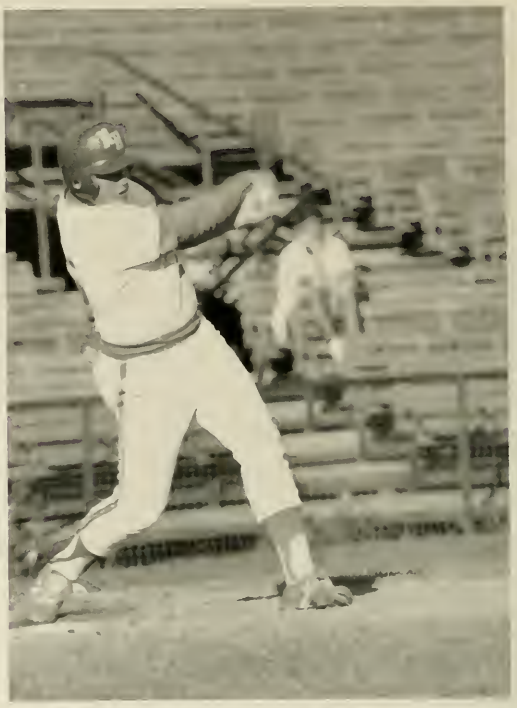
The infield was steady despite the introduction of three new starters. Kevin Kirsch became the first baseman and played consistantly all season. Adrian Clark and Jim Halloran were middle fielders with great range and had the ability to turn double plays. Mike Tonucci went to third base and played much better at his natural position. All four of these men were excellent hitters,as they each batted well over .300 for the season.

The outfield came through with some terrific numbers this season. Brian Marshall finally got a chance to prove himself and became the teams leading homerun and RBI man. Paul Sabrowski was an excellent lead-off man who led the club in stolen bases, and Pat Miconi went over to right field and despite having to adjust to playing the outfield, also did very well.

Todd Mercier, Brian Hogarth and Dan Montesi each platooned at designated hitter with Hogarth filling in occasionally in the outfield. Ron Perkins took over the catching duties and showed us a strong throwing arm and a powerful bat.

Some milestones this season included an unbelieveable performance by Adrian Clark when he set a division II/III record when he went 8 for 8 in a game (The Chargers ended their opponents, Westfield State 33-2). A Victory in the City Series over Yale University, and Dibo's All-Time record for victories.

With the talent Coach Vieira assembled, the Chargers stormed through the season to become one of the top five teams in the country. After 7 straight appearences in the World Series there will be no stopping them.



ABOVE Steve DiBartolomeo rifle's one at home late

ABOVE Bo Birkhead shows his versatility by not only playing football, but also baseball

LACROSSE

LAX Ends Another Tough Season

After a quick start, the Charger Lacrosse team faded down the stretch, losing three straight games and finishing 5-6.

Against Conneticut College, they lost 15-9. Tony "Guido" Buonaguiro, Andy Fisher, Russ Nolet and Brian O'Leary each had two goals, and Dave Berry had a goal and four assists in the loss.

The Chargers concluded the 1989 season with a 13-8 loss to Westfield State and once again, Dave Berry shined. He scored four times and Buonaguiro had a hat trick. However, they fell behind 6-1 at the half and couldn't catch up.

On the year, Berry scored 62 points to lead the squad. Dave Berry, only a junior, broke the record for the most goals scored in a UNH career. Andy Fisher and Russ Nolet each had 20 points, and Buonaguiro had 24 points.

Anthony Buongurio, Andrew Fisher, Ned Drulard, Tony Cretella, Brian Duffy, Paul Iannacone, Joachim Fiebich, Amir Ahara, Tom Fasolo, Joe DeSimone, Bill Scheideman, Bill Constantino, Scott Fitzgerald, John McLaughlin, Bob Krumme, Dave Berry, Doug Worth, Jay Malbone, Russ Nolet, Brian O'Leary, Jim Korwan, Rob Friedman, Scott Roberts.

Administration

TO THE GRADUATES

Please accept my warmest congratulations upon the completion of your degree at the University of New Haven. It is my hope that your educational experience at the University was rewarding and valuable and that these years ill prove to be among the most formative years of your lives. I also hope that your education becomes the foundation upon which your careers and values are based. Your education should provide you with a critical cast of mind in the sense of a capacity to test and challenge previous assumptions and new ideas, a sensitivity to weigh ethical and moral issues, and enable you to obtain rewarding and productive employment in a complex and technological society.

Air Guitar

Every year UNH students give their renditions of today's most popular musicians. This year was no different. Four acts competed for cash prizes, and the top three won. In other years there were more acts, but in no other year were they this good. This years winner was "The Newest Edition-",which performed various songs from the group The New Edition. Basic Waste followed up in second place playing songs from Guns and Roses, and Living Color. Record attendance got the acts pumping and the place went wild. This is the fifth year The Day Student Government has sponsored this event and its been a great success every year.

DEDICATION

Clarice J. Sorcinelli

To: Clarice J. Sorcinelli

Claire Sorcinelli has been the DSG secretary for over 11 years. Claire started here in 1977 with The Burns Administration, and has seen 11 Administrations since then. DSG Presidents, Administrators, Senators and Students have come and gone, but Claire has stayed on. With each year she has brought something new to the DSG in the forms of advice, knowledge and wisdom. Claire had to leave the DSG last semester due to health reasons, but she can still be seen in the student center just one floor up in Career Development.

Claire has so many trait's its next to impossible to sum them up on paper. She's a shoulder to cry on, she has compasion unlike anyone we have ever met and she's a fierce fighter in your backfield. Most of all Claire is a friend. A friend in every sense of the word, she'll stick-up for you, give you advice with your problems, pick you up when you fall and give you a push when you need it. Claire this book is dedicated to you, you've given so much of yourself to us, now its time we gave something to you.

The 1989 University of New Haven Graduating Class Dedicates This Book To You!!!

CREDITS

There are many people who in addition to doing their everyday job found the time to help us out.

Sincere Thanks To:

Marie, and the rest of the bookstore staff-- You've bent over backwards helping us out and we really appreciate it.
Denise Killoran (the Killer) For all your PR work over the year, it really helped.
Dr. Hank Voegeli and The Sky Shots crew For the great aerial shots we used on our end sheets.
Dr. James Martin For your continued support and new ideas.
Toni Blood, Public Relations For letting us borrow those "missed" shots.
Jack Jones, Sports Information When we asked you for the stats for the sports section, you even delivered.
The Maintenance Crew Boy many a night did we leave you a mess.

Special Thanks To:

Bob Sasena, Jostens-Printing and Publishing Thanks so much for your support, you put up with so much, and your dedication is immense. If it wasn't for you this book would not be complete.
Stan, Varden Studios You set up all of our Senior pictures, gave us film and rushed our development process through. Thanks so much.

At this time I would like to thank all the people who helped me get through my years here at UNH.

Dr. David Morris- My Advisor, my colleague, my friend: You have taught me so much over the years that its hard for me to write it all down. I've learned respect for other people, honor, dignity and most importantly I've learned about business. You can count on me as a trusted follower, anytime...
Professor Charles Wankel You have given me so much advise over the years, and put me back on track when I veered off for this I thank you.
Pam Francis, Career Development You're insight and knowledge leaves everyone standing still next to you, you are truly an asset to UNH, I hope the rest of the graduating class knows that.
Clarice J. Sorcinelli What more can I say, I wouldn't have made it without you.
Tom Wilkinson Thanks for watching out for me.
Bud Damberg Thanks for being there you're a true friend.
Steve Spiro Don't fall off course, or I'll be back!!!
Mom & Dad You've given me the greatest gift I could ever have, your the best.

Many, Many Thanks to the CHARIOT STAFF The only reason this book is out on time is because of you. All of you had your regular classes to attend and many of you also had jobs, but you still dedicated yourself to this book. You are all Top Performers and that will show through in everything you do.

EDITORS NOTE

This is it! Ta Daa! This book that many will casually flip through was my life for 10 full months. I'd like to say that it was all smooth sailing only, that is pretty far from the truth. There were just to many obstacles to overcome. Paddling upstream is no picnic.

When I took this position I figured hey, just slap a few pictures on some pages and I'm set. Boy what a rude awakening that was. Organizing a staff, laying out this book, handling film development all the facets of this job are so intense that its hard to keep on top. But as it turns out I wouldn't trade it for the world. I've met some really great people this year whom I probably wouldn't have met had I not done this.

My four years here at UNH have been the most formative years of my life. I have learned more than any amount of books or classes could teach me. I've learned of politics, business, happiness, friendship, sadness, what hard work is all about, I guess when you look at the whole thing I have had a great experience here.

Over my four years here I've heard many people speak of how unhappy they are with UNH. Let me tell you something I have been to other schools, and their is nothing wrong with UNH. You could go to any school and not be happy with it. The experience you have is the one you create, no one at any school will give you this, you have to go out and get it for yourself. For the Seniors that are graduating the same holds true for you. Your future is what you make of it, no one is going to jump out and hand it to you on a silver plater. But if you reach for it you can get the gold. As the saying goes: The experience you make is the experience you take. Don't lose any of it. Good luck in all your future endeavors.
